Select a task from each of the three sections to complete in your homework book. Then you must complete the maths section.

**Section One**

- Write a half page report on a current news story that you think is important.

  or

- Pick your favourite television show. Write down ten reasons why you think it is so good. Each reason must be written as a full sentence.

**Section Two**

- Write a full page report on a famous sports person. Write what they have achieved in their career so far, some facts about them, and why you chose to research them.

  or

- Imagine if you won 5 million dollars! Half is to spend on yourself, the other half is to share around and spend to help others in need. Write half a page about all the cool stuff you would buy for yourself. The other half of the page should be how you would spend the money to help others.

**Section Three**

- On an A4 piece of paper design your dream house. Use a ruler and make sure it is neat. Make sure it is detailed and labelled properly.

  or

- On an A4 piece of paper design a menu for your own restaurant. You will need to think of a name for the restaurant. Include entrees, mains and desserts, and say how much everything costs.
Trish goes to her local market each month to sell craft she makes in her spare time. Here is a table that shows how much money she earned at her stall each month last year. Use the information to help you answer the questions.

<table>
<thead>
<tr>
<th>January</th>
<th>February</th>
<th>March</th>
<th>April</th>
<th>May</th>
<th>June</th>
</tr>
</thead>
<tbody>
<tr>
<td>$20</td>
<td>$64</td>
<td>$100</td>
<td>$10</td>
<td>$95</td>
<td>$32</td>
</tr>
<tr>
<td>July</td>
<td>August</td>
<td>September</td>
<td>October</td>
<td>November</td>
<td>December</td>
</tr>
<tr>
<td>$16</td>
<td>$100</td>
<td>$20</td>
<td>$5</td>
<td>$120</td>
<td>$250</td>
</tr>
</tbody>
</table>

**Question One:** What were Trish’s three best months for earning money?

**Question Two:** What were Trish’s three worst months for earning money?

**Question Three:** For **two months in a row**, Trish’s friend Kerrod came and helped her at the stall. She gave him half of the money that she earned for those two months to pay him. If Kerrod earned $60, what two months did he work at the stall?

**Question Four:** Place the information from the table into a correctly labelled line graph.
